DECISION

This is a decision on the "Renewed Submission Under 37 CFR 1.497(d)" filed on 18 November 2005.

DISCUSSION

In a decision mailed on 31 October 2005, the declaration filed on 05 August 2005 was not accepted under 37 CFR 1.497(d) because

Regarding requirement (3), the "Consent of Assignee..." document included among the instant correspondence suggests that SUMIDA Corporation and DENSO Corporation each enjoy an assignment interest in this application, "as indicated by the attached copy of an assignment executed by the originally named inventors as well as the newly added inventor." The document is signed by individuals on behalf of both DENSO and SUMIDA, and states that "Each of the undersigned also states that he has the authority to sign this consent on behalf of the assignee." Review of the application file and of electronic USPTO records reveals that no assignment documents appear to be present, nor has counsel identified where such documentation may be found within the records of the USPTO (e.g., by reel and frame number). As such, requirement (3) has not been satisfied. Applicant is advised that 37 CFR 3.73 will change on 25 November 2005. See 70 Fed. Reg. 56128, Sept. 26, 2005.

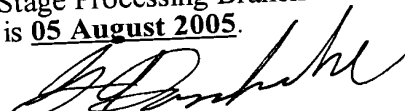

The instant renewed submission is accompanied by an Assignment document executed in favor of Sumida Corporation and Denso Corporation by Hozumi Ueda, Tatsumi Nishino and Takahide Kitahara.

CONCLUSION

The declaration filed on 05 August 2005 is ACCEPTED under 37 CFR 1.497(d).

This application is being forwarded to the National Stage Processing Branch for continued processing. Its date under 35 U.S.C. 371(c)(1), (2) and (4) is 05 August 2005.
